

# DENTAL EMERGENCIES

# FIRST AID

## If a tooth is knocked out of the mouth:

- If the tooth is dirty, rinse it in the person's saliva or in milk
- Put the tooth back in place as quickly as possible
- Hold the tooth in position
- If the tooth can not be reinserted, store it in milk
- Go to a dentist **immediately**

## Do Not

- Scrub the tooth clean
- Touch the roots
- Let the tooth dry out
- Store it in water
